

# Gor-Lite™ LED Compartment Lighting System

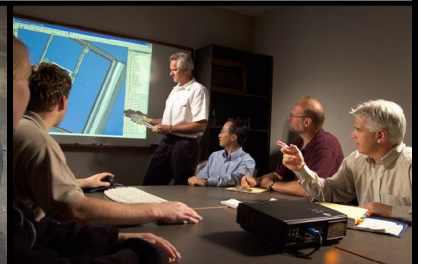

Gor-Lite™ LED lights by Gortite provide a simple and affordable solution for compartment lighting. Their innovative low profile design provides long life, high output, and low amp draw. US manufacturing insures quick delivery and consistent high quality. Gore-Lite™ LED lights are available individually for retrofit, or pre-installed in Gortite Roll-Up Door side rails

- Standard lengths of 12", 24", 36", 48", and 60" with wire leads
- Corner angle lexan polycarbonate mounting clip with VHB equivalent adhesive backed tape for maximum moisture resistance.
- Amp draw: 13.5 VDC is 60 milliamps/foot
- Operating temperature: -25 deg C. to +85 deg C.
- Operating voltage range: 9.3 – 13.5VDC
- Transient Voltage suppressor included for voltage spike protection
- Solid state design for rugged reliability and shock and vibration resistance
- Rated life: 100,000 hours
- Water resistant.
- 2 year warranty.
- Exceeds NFPA 1901 Standards
- 9" lead length with connectors
- Manufactured in the United States

The Gortite & Gortrac Divisions of A&A Manufacturing Company. American Made Since 1945
